AGREEMENT

These Snowflake Self-Service On Demand Terms of Service ("**Agreement**") are entered into by and between Snowflake Inc. ("**Snowflake**") and the entity or person placing an order for or accessing the Service ("**Customer**" or "**you**"). Under this Agreement, Customer may store Customer Data in a central repository in Customer's Account and create virtual warehouses as needed to combine and process data from its repository.

The "**Effective Date**" of this Agreement is the date of Customer's initial access to the Service (as defined below) through any online provisioning, registration or order process.

Modifications to this Agreement: From time to time, Snowflake may modify this Agreement. Unless otherwise specified by Snowflake, changes become effective for Customer upon renewal of the then current Subscription Term (as defined below) after the updated version of this Agreement goes into effect. Snowflake will use reasonable efforts to notify Customer of the changes through communications via Customer's Account (as defined below), email or other means. Customer may be required to click to accept or otherwise agree to the modified Agreement before renewing a Subscription Term, and in any event continued use of the Service after the updated version of this Agreement goes into effect will constitute Customer's acceptance of such updated version. If Customer does not agree to the changes, Customer may terminate this Agreement in accordance with Section 8.2 (Termination).

1. THE SERVICE

1.1. Service Description. The Snowflake Service is a cloud-native elastic data warehouse service designed to allow customers to store, combine and process structured and semi-structured business data from multiple sources. Customer Data uploaded to the Service is stored in a central repository in Customer's Account ("**Storage**") and Customer may create virtual warehouses as needed to combine and process data from its repository ("**Virtual Warehouse Services**"). As used in this Agreement, the "**Service**" means the edition of the Snowflake Service selected by Customer during registration, and as further described in the Documentation.

1.2. Subscription Term. Each Service is made available to Customer on a subscription basis for a one-month subscription term ("**Subscription Term**"). The Subscription Term will automatically renew for additional one-month periods until terminated in accordance with Section 8.2 (Termination).

1.3. Access to the Service. Customer may access and use the Service in accordance with the terms and conditions of this Agreement and the Documentation. Use of and access to the Service is permitted only by personnel of Customer designated by Customer ("**Users**"). Customer may permit its independent contractors and consultants ("**Contractors**") and Affiliates to serve as Users provided that any use of the Service by each such Contractor or Affiliate is solely for the benefit of Customer. Customer shall be responsible for compliance by each User with all of the terms and conditions of this Agreement. Any data provided by a User that is uploaded to the Service is Customer Data for the purposes of this Agreement.

1.4. Client Software. To the extent use of the Service requires Customer to install Client Software, subject to all of the terms and conditions of this Agreement, Snowflake grants to Customer a limited, non-transferable, non-sublicensable, non-exclusive license during any

applicable Subscription Term to use the object code form of the Client Software internally, but only in connection with Customer's use of the Service and otherwise in accordance with the Documentation and this Agreement.

1.5. Contractors and Affiliates. Customer may permit its independent contractors and consultants ("**Contractors**") and Affiliates to serve as Users, provided (a) Customer remains responsible for compliance by each such Contractor or Affiliate with all of the terms and conditions of this Agreement and (b) any use of the Service by each such Contractor or Affiliate is solely for the benefit of Customer.

1.6. Sample Data. Snowflake may make available sample data (including from third-party sources) solely for Customer's internal testing, evaluation, and other non-productive use during the applicable Subscription Term ("**Sample Data**"). Customer acknowledges that Sample Data is example data only, which may not be complete, current, or accurate. Customer will not (and will not permit any third party to) copy or export any Sample Data and agrees that Snowflake may delete or require Customer to cease using Sample Data at any time. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, SAMPLE DATA IS PROVIDED "AS IS" AND SNOWFLAKE WILL HAVE NO WARRANTY, INDEMNITY OR OTHER OBLIGATIONS WITH RESPECT TO SAMPLE DATA.

1.7. Data Sharing.

By accessing or using Provider's data, Consumer acknowledges that (a) Snowflake has no liability for such data, (b) Snowflake may collect information about Consumer's use of and access to the Service and to Provider's data (including identifying Consumer in connection with such information) and share it with Provider.

(d) Read Only Accounts. When Customer is Provider, Customer may, in its sole discretion (using a mechanism provided by Snowflake) authorize third party entities that are not Snowflake customers ("Read Only Consumers") to access read-only account on the Snowflake Service ("Read Only Accounts") solely to consume Customer Data shared by Customer; provided that: (a) Customer shall be responsible for paying for any usage of the Read Only Accounts; (b) Users authorized by the Read Only Consumer ("Read Only Users") shall be prohibited from uploading any data into the Read Only Accounts; (c) such Read Only Users must submit support requests only as set forth in the Snowflake Support Policy; (d) Customer represents that it has the right to share with Snowflake any personal information about Read Only Users that Customer provides to Snowflake; (e) Customer shall be responsible for any acts or omissions on the part of Read Only Users in their use of the Read Only Accounts as if they were acts or omissions of Customer; and (f) the following sentence is added to Section 11.2 of the Agreement: "Customer will defend, indemnify, and hold harmless Snowflake from and against any and all claims, costs, damages, losses, liabilities, and expenses (including reasonable attorneys' fees) brought by any Read Only Consumers or Read Only Users or arising from or relating to any acts or omissions by Read Only Consumers or Read Only Users in their use of the Read Only Accounts."

Unless a BAA is in place, Snowflake will have no liability under this Agreement for HIPAA Data, notwithstanding anything to the contrary in this Agreement or in HIPAA or any similar federal or state laws, rules or regulations. If Customer is permitted to submit HIPAA Data to the Service, then Customer may submit HIPAA Data to Snowflake and/or the Service only by uploading it as Customer Data. 6. USAGE AND FEES

6.1. Generally. Each month, Customer will be charged for, and agrees to pay, the sum of (i) Customer’s monthly Storage Fees (ii) Fees for Snowflake Credits for Virtual Warehouse Services, as further described below and (iii) any other Fees incurred by Customer for services described in the Snowflake Service Consumption Table.

Promptly following the expiration or termination of this Agreement (or, if applicable, the Transition Period) Snowflake will delete the Customer Data. Except where an exclusive remedy is specified, the exercise of either party of any remedy under this Agreement, including termination, will be without prejudice to any other remedies it may have under this Agreement, by law or otherwise. Further, upon termination, Snowflake will charge Customer's Payment Method for Customer's use of the Service during the current month.

Customer will pay Snowflake at the rates set forth in the SOW (or, if not specified, at Snowflake's then-standard rates) for such Technical Services. Customer will reimburse Snowflake for actual reasonable travel and lodging expenses approved in advance by Customer. Customer may use anything delivered as part of the Technical Services in support of authorized use of the applicable Service and subject to the terms regarding Customer's rights to use the Service set forth in Section 1 (The Service) and the applicable SOW, but Snowflake will retain all right, title and interest in and to any such work product, code (including SQL queries) and deliverables and any derivative, enhancement or modification thereof created by or on behalf of Snowflake.

The indemnifying party may not settle any claim in any matter that would require obligation on the part of the indemnified party (other than payment or ceasing to use infringing materials), or any admission of fault by the indemnified party, without the indemnified party's prior written consent, such consent not to be unreasonably withheld, conditioned or delayed. Further, any indemnification obligation under this Section 11 will not apply if the indemnified party settles or makes any admission with respect to a claim without the indemnifying party's prior written consent.
